

Technical drawing of a staircase layout, showing a side elevation and a plan view.

**Side Elevation:**

- The staircase consists of three flights, each with 14 steps (161.9m total length).
- Labels include PTB-1, PTB-2, LT-1, and TKL 1.
- Vertical dimensions on the right indicate the total height of 18.800m and the height of each flight (16.533m, 14.267m, and 12.000m).

**Plan View:**

- The staircase is shown as a series of parallel lines representing the steps.
- Horizontal dimensions include: 280\*13=3640, 1200, 280\*13=3640, 1200, 280\*13=3640, and 1300.
- The total width is 14620.

Technical drawing of a reinforced concrete slab (TKL1) showing dimensions and reinforcement details. The drawing includes a cross-section view on the left and a plan view on the right.

**Dimensions:**

- Overall width: 18.800
- Section height: 120
- Plan view dimensions: 250, 800, 250 (total 1300)

**Reinforcement Details:**

- Top reinforcement:  $\phi 10 @ 150$
- Bottom reinforcement:  $\phi 8 @ 200$

Technical drawing of the TKL.1 component. The drawing shows a cross-section of a cylindrical part with a central hole. The outer diameter is 16.533 with a tolerance of +0.000/-0.007. The inner diameter is 14.267 with a tolerance of +0.000/-0.007. The length of the component is 1200. The drawing also shows a detail of the end view with a diameter of 10.000 and a tolerance of +0.000/-0.007. The component is labeled TKL.1.

Technical drawing of a rectangular structure. The drawing shows a side view with a dashed line on the left indicating a hidden edge. The structure is divided into two main sections. The left section is a solid rectangle with a width of 600. The right section is a hatched rectangle with a width of 280x6 = 1680. The total width is 2400. The height of the structure is 1300. A label 'LT-3' is placed in the center of the hatched section. A label '橡胶垫板' (Rubber pad) points to the top surface of the hatched section. A dimension line on the right indicates the height of 1300. A dimension line at the bottom indicates the width of 280x6 = 1680. A dimension line on the left indicates the width of 600. A dimension line at the bottom indicates the total width of 2400. A label 'C' is placed to the right of the structure.

Technical drawing of a staircase showing elevation and plan views.

**Elevation View:**

- Total height:  $1867 = 1300 + 567$
- Staircase height:  $1300$
- Staircase width:  $1680$
- Staircase depth:  $600$
- Staircase width (total):  $2800 = 1680 + 1120$
- Staircase depth (total):  $1680$
- Staircase width (total):  $1680$
- Staircase depth (total):  $1680$

**Plan View:**

- Staircase width:  $600$
- Staircase depth:  $2800 = 1680 + 1120$
- Staircase width (total):  $1680$
- Staircase depth (total):  $1680$

The drawing includes a section line and a break symbol.
